“Big History as General Education”

Nicola Pitchford, Vice President for Academic Affairs
Mojgan Behmand, Associate Vice President for Academic Affairs

CIC Institute for Chief Academic and Chief Financial Officers
Portland, Oregon
November 1-4, 2014
Today’s Outline

1. What Is Big History?
2. Why Big History?
3. Why Big History at CIC?
4. The How and Where of Big History
5. Aligning Big History with Mission and Institutional Outcomes
6. The Role of CAOs and CFOs
7. Final Thoughts and Questions
1. What Is Big History?

- New emerging discipline
- 13.8 billion years of natural and human history
- Combines cosmology, astronomy, chemistry, geology, biology, archaeology, anthropology, art, literature, etc.
- Provides comprehensive story of our universe
- Is taught through division into eight chronological thresholds and the future.
2. Why Big History?

- Interdisciplinary and integrated approach brings bodies of knowledge into relationship with one other
- Approach creates a scaffold for the contextualization of all knowledge … counteracts fragmentation
- Vast spatial and temporal scales allow learners to study past, present, and envision a role in the future
2. Why Big History?

FALL 2013. Total Enrollment = 305. Response Rate = 27%

Q. Do you ever think about what you’ve learned in your Big History course or talk about it with others?

Why Big History at CIC?
3. Why Big History at CIC?

One Dominican: *Our spirit, our history, our future*
3. Why Big History at CIC?

• **Heightened visibility:** *New York Times* U.S. and U.K. coverage; Bill Gates’ s Big History Project; History Channels H2’s Big History series; Swimme and Tucker’s *Journey of the Universe*

• **Feedback and data:** student testimony and feedback from various institutions; data from four years of implementation and assessment at Dominican University of California to confirm powerful nature of content and its potential to educate and situate the whole person

• **Size and flexibility:** CIC member colleges and universities have size and flexibility to bring an innovative—even transformative— program to campus
4. The How and Where of Big History

Levels Taught

- Kindergarten and primary schools: Montessori schools globally
- Middle schools; high schools: The Big History Project globally Foremost: United States, Australia, South Korea
- Secondary education; higher education Foremost: United States, Australia, Netherlands, South Korea, Canada, South Korea, Russia
4. The How and Where of Big History

Programmatic Homes in Higher Education

- General Education programs — Requirement or elective in history, social science, literature (cosmic narratives)
- Honors program — Requirement or elective
- Major — Requirement or elective in history
- First Year Seminar/Experience — Requirement or elective
4. The How and Where of Big History

Formats and Pedagogical Approaches in Higher Education

• Lecture— single lecturer
• Lecture— lecturer and rotating guest lecturers
• Seminar
• Seminar sequence/First Year Experience with strongly aligned co-curriculum
• Online curriculum (Big History Project)
• MOOC (Possible future Coursera course)
5. Aligning Big History with Mission and Institutional Outcomes

A Vast and Expansive Content

• Proper alignment ensures achievement of intended outcomes

• Align Institutional Mission, Program Objectives, and course Student Learning Outcomes—carefully consider knowledge areas, skills, and high-impact practices
## Dominican’s Alignment & Notable Features

<table>
<thead>
<tr>
<th>Mission Statement</th>
<th>General Education Goals</th>
<th>First Year Experience Goals</th>
<th>FYE Course SLOs</th>
</tr>
</thead>
</table>

- Alignment with AAC&U’s LEAP Outcomes 1-3
- Triple high impact practice—First Year Experience, Common intellectual Experience, Writing Intensive
- High impact practice for faculty—Learning Community
6. The Role of CAOs and CFOs

The Role of the Chief Academic Officer

- Alignment of mission with outcomes
- Commitment of administration
- Engagement with faculty leadership, committees, opinion makers—address issues of displacement and territory
- Opportunity for campus dialogue with experts
- Opportunity for intensive faculty development
- Incentives—Reassigned time, campus-wide acknowledgement, travel funds, aligned tenure and promotion policy
- Implementation, ongoing meaningful assessment with continuous quality improvement
6. The Role of CAOs and CFOs

The Role of the Chief Financial Officer

• Philosophy: Ensure an approach aligning mission and academic priorities with fiscal priorities; encourage innovation; include opinionmakers, librarians, and campus spiritual leaders

• Curricular redesign: Plan for reassigned time, visiting experts, conference or institute attendance

• Pre and post-approval: Plan for faculty development—seminar fees, experts’ honoraria, stipends or travel funds for participants, materials, catering, facilities, administrative support.

• Implementation: Plan for learning kits, co-curricular activities

• Continuous quality improvement: Plan for ongoing faculty meetings—weekly, semesterly, annually—assessment retreats, conference attendance
Dominican’s Big History Program takes students on an immersive journey through time—from the first moments of our universe to the birth of stars and planets, from the formation of life on Earth to the dawn of human consciousness and the unfolding story of humans as Earth’s dominant species. As we study this evolution, students explore fundamental questions of the nature of the universe and our place in it.

The Summer Institute provides experienced and aspiring teachers of Big History with a unique opportunity for collectively learning the fundamentals of the Big History narrative and pedagogical tools needed for teaching a Big History curriculum. This five-day course will include sessions for both new and seasoned instructors. We will begin with a detailed exploration of Dominican’s innovative Big History curriculum using Teaching Big History (UC Press) as a guide. Dominican faculty—many of whom are contributors to the book—will demonstrate effective and engaging teaching practices and activities culled from our experiences. Mid-week, the discussion will turn to strategies for developing, implementing, and assessing a Big History curriculum in your institution.

Examples of topics to be covered are:

- Understanding and teaching Big History using the thresholds framework
- Curriculums: development and educational assessment
- Incorporating writing and information literacy skills
- Interdisciplinary faculty development and collaboration
- Strategies for engaging institutional stakeholders
- Integrating co-curricular events and activities
- Addressing questions of meaning in the Big History narrative

Tuition is $1850 and includes:

- Five full days of interactive seminars, activities, and consultation with experienced Big History faculty
- All instructional materials, including a copy of Teaching Big History
- Breakfast and lunch each day
- Closing reception

On-campus housing will also be available.
