

Silence of the Cave

By Doreen Williamson

In the stillness of the cave
I speak to the ancient stone
To my surprise--
My voice echoes my words
Breaking the silence.

As stillness returns
To the essence of stone
I no longer feel alone.

My heart resonates
In the depth of silence
Once again, I call out
Into the void of space
Once again, the stone
Responds to my voice.

Hearing my words echo
Through out the surrounding
hills and dales,
Suggests to me
I am never alone
I belong to this Earth
I am part of it.

In the stillness,
In the silence,
In the embrace
Of the Divine!

I breathe in gratitude.
